## INTRODUCTION

Red Ocean is a 100 percent Saudi-owned business. We are a General Contracting Company specialized in all types of metal fabrication steel structure work. Our services include the fabrication and erection of steel structures. We also specialized in work at height solutions, building envelope solutions, civil works and mechanical works.

## CEO MESSAGE

**TARIQ SAEED M. WARYAM**

As President & CEO of Red Ocean General Contracting Company, I firmly believe that if we can achieve a place in the heart & mind of our customers as a provider of innovative solutions for integrated communities that suit every need and fulfill all dreams, the possibilities for the growth of Red Ocean will be unlimited no matter how challenging the construction environment.

Red Ocean is a business truly capable of benefiting and profiting both society and our stake holders.

I would like to take this opportunity to pledge that I and the Red Ocean team will endeavor to devote our full efforts to exceed our customers' expectations & fully satisfy their needs and requirements.

Thank you. 

## OUR MISSION

To be a leading construction company in the global market.

To become the customers' most preferred choice by attaining excellence in quality and timely completed value added projects.

To provide the highest level of service in the construction industry while offering superior craftsmanship to every project, we handle.

To continually innovate, develop and adopt state-of-the-art technology in methods and materials to enhance productivity and cost effectiveness.

To continually improve the competence of our team, and employ diverse, innovative & results-oriented personals, motivated to deliver excellence.

To build a safety culture aimed at continually reducing the frequency severity rate towards achieving zero accidents.

To identify and mitigate all the environmental impacts arising from our activities, and comply with applicable environmental norms.

## OUR VISION

To become the leading construction firm, while delivering projects that consistently exceed international standards and provide exceptional customer satisfaction.

To continually deliver excellent value & innovative construction solutions to meet our clients' requirements.

Using modern principles and sophisticated technologies, Red Ocean General Contracting Company envisions being the primary preference at all times both nationally and globally, for their renowned excellence, quality, performance and reliability in all types of con-

# SERVICES

ROCC specializes in custom metal fabrication, provides a full range of metal fabrication services to meet customer specifications in Saudi Arabia. Our services include Design Engineering, Cutting, Punching, Bending, Metal Fabrication, Welding, Assembly, Grinding, Milling, Buffing, Stamping, and Powder Coating.

## MECHANICAL WORKS/ METAL FABRICATION

As Red Ocean we offer a wide range of mechanical works and metal fabrication. This could be from something as simple as metal cutting all the way to steel erections. We also provide services such as installation. A full list of what we provide as a service is as below. Please note any other services you need that are not listed we can specifically design, all you have to do is ask!

- Steel erections
- Steel/metal fabrications
- Cutting
- Punching
- Bending
- Welding
- Assembly
- Grinding
- Milling
- Buffing
- Stamping
- Powder coating
- Galvanizing

# SERVICES

## CIVIL WORK

We also provide civil works such as tiling, wall cladding, road safety, gypsum board work (this is mainly used for as a surface material for the construction of ceilings and walls. Mostly drywalls where the plaster gets eliminated), block work, painting, plastering.

## SPECIAL WORK

With falls from height still one of the leading causes of workplace fatalities and injuries this is our number one priority on site. Not even just for the site we provide permanent solutions for safety when it comes to the maintenance of the building, whether that's cleaning or something that needs fixing.

Under special works we also do building envelopes. A building envelope is the structural barrier between the interior and exterior of a building. The building envelope also keeps the interior free from moisture, sound, and light. we can design, build and install the building envelope for the client at request.

**We can also source other special work at a client's requests.**
